## Why We Can Sell For Less

We can make and sell cars for less money than anybody else because we have the largest automobile plant in the world.

Our Production Capacity is 6000 Cars Per Day.

That is why we can offer really big, beautiful cars at such a low price.

This four cylinder Overland is only \$795. Other makers charge from \$900 to \$1000 for the same thing.

The same car with a six cylinder motor is only \$925. Think of that! Other makers charge you \$1050 to \$1200, practically, and give less.

It will pay you to buy an Overland. They cost the least to buy and the least to run.

Stop in and see these brand new Low priced Overlands today.

### COLLEGE CONFERENCE BILLED FOR LUBBOCK

Conference of the executive committee of the West Texas Agricultural College association committee will be held Wednesday in Lubbock, and Porter A. Whaley, active vice president of the association and member of the committee, will attend as a representative of Amarillo and this particular section of the state. Mr. Whaley will leave Wednesday and return Thursday noon.

Southwest Texas (over this branch at the agricultural and mechanical college of Texas, and it is believed that with proper handling no difficulty will be encountered in securing establishment of the same west of the 98th meridian.

### MRS. WHEATLEY'S BIBLE CLASS HAS GREAT TREAT

Mrs. H. H. Wheatley's Bible class witnessed a most impressive service at the First Christian Church Thursday afternoon. Miss Krystal Smith, a member, was baptized in the presence of the entire class. Mrs. Wheatley has one of the largest classes in the city and nearly every member is in the church. Two came in recently on Sunday. No service was held to impress them more than last Thursday.

# The Ford Tractor

\$577.00 F. O. B. Amarillo

is growing in demand each day. We have sold six of these sturdy little machines this week, and we earnestly urge all those contemplating purchasing tractors to place their order at once, as you might have to be delayed on delivery.

Remember the Ford Tractor will plow, harrow, disc, seed, plant, cultivate, as it straddles two rows, pulls binders, mowers, headers, threshers, harvests, row crops, pulls 8 foot road graders, you can back it up to your well and pump your water, tightens wire fences, haul your hogs to market, in fact you can use it twelve months out of the year. You can buy the Ford Tractor piece at a time for \$809.00.

As hard as the ground is we are breaking 10 acres per day on 10 gallons of gasoline. Let us show you these facts. We also have a car load of the famous Sanders Disc Plows ready for immediate delivery. We are in a position to take care of the wholesale, retail and consuming trade at a great freight saving.

### LAUNDRYMEN RETURN FROM ANNUAL MEET

R. H. Ames, G. F. Lohr and J. N. Vernon have returned from Galveston where they attended the annual meeting of the Launderers' association. The Amarillo representatives made a strong fight for the next annual meeting of the association, and waged it along with the other contestants to the extent that he body was unable to vote a preference on the floor, leaving the selection of a convention to the executive committee. \$7.50 announced later.

Than the three named, Amarillo has no stronger advocates, and when they were given the assignment from the board of development to bring back the next convention they went at it without compromise or hesitancy. The fact that they did not get the convention outright is no evidence of failure to organize and carry forward the fight.

The "boss" report that they will never drop until the "bosses" have been captured and brought to the "board of city of the Plains" room if they shall agree called this spirit of the desired result.

### AUTO RACING TRACK NEARING COMPLETION

The Amarillo speedway to be used in connection with the Labor Day race, Monday September 24, is nearing completion and from all indications will be finished next week.

The track, oval in form is 1/4 mile in length and constructed along the main lines characterizing the celebrated Indianapolis course. A Ford tractor is dragging a grader, and the track is rapidly taking shape. The racing, of course, stopped the work, but this will be resumed with next week of time Monday.

For fuller information relative to the racing and attention is directed to the display and attachment in this issue of the News.
